

Guest Skate Policy for Star Skaters

StarSkaters will be granted an opportunity to guest skate at an additional charge per session **TO BE PAID PRIOR TO TAKING THE ICE** and the guest skater cannot take coaching time from skaters currently assigned to that session. To guest skate the skater **MUST** have an arranged coach on the ice. This guest skating time cannot be given to skaters who have missed their own sessions. It has to be paid above and beyond StarSkate fees and given previous coach permission.

Private lesson rules:

1. Skaters all allowed to book a coach for the same slot for the whole season.
2. Skaters can book two coaches for private lessons on the same session **ONLY** if the second coach (after advertising their availability) has any openings at the start of that session.
3. Starskaters can guest skate for private lessons on other sessions, but coaches **MUST** clear it with Starskate Technical Director first. It is the coaches responsibility to check guest skate availability on sessions, NOT the parents.
4. Coaches will sign off on guest skate cards when a skater guest skates on a session.

***No outside club guest skaters will be allowed one week prior to all competitions.**

Fee details are listed below:

Each season we will be offering a **\$30 prepaid guest skate card equivalent to 60 minutes**. This must be purchased in advance of the skaters lesson time and brought to the ice with them. To purchase, click on the **Registration Information Tab**, click **purchase products** and then proceed to purchase a guest skate card. Their private coach will initial the amount of time used for the skater and give the card back to the skater for future use if time is remaining on the card.
