

Financial & Hardship Policy

Financial:

1. All parents will be given ample notice of when registration fees are due via email and Facebook sites. If fees are not paid during the scheduled days, without providing prior notice to the Board of Directors, a late fee of \$20.00 per skater will be applied. If fees continue to be left unpaid, the parent will be provided with an email warning. If further non-compliance to pay fees occurs, the skater may be removed from the skating session, and/or not participate in any assessments.
2. Parents are permitted to pay fees via emt or on-line with credit card.
3. Fundraising credit that you earn can **ONLY** be applied to subsequent registration fees. A credit will be placed on your uplifter account for these purposes. Fundraising credit **will not** be refunded should you leave or finish with the club.

Hardship Policy:

1. The TPFSC Board of Directors acknowledges that the cost of figure skating can cause financial hardship for parents. Should the parent experience financial difficulty accessing funds for registration fees, they are encouraged to contact the TPFSC Board of Directors in writing to arrange an alternate payment plan. This plan will be a confidential written agreement between the parent and the board. Email tpfsc.treasurer@gmail.com
2. Parents will also be given information in regards to financial assistance programs including JumpStart and KidSport and will work with these organizations to ensure that skater's fees are paid. Below are the links for financial help:

<http://jumpstart.canadiantire.ca/en/what-we-do/want-to-apply>

<http://www.kidsportcanada.ca/newfoundland-and-labrador/apply-for-assistance/>

3. Synchro fees will no longer be included in the hardship policy beginning 2021-2022 season. Any skater wishing to skate synchro will have to pay fees in full or use the payment plan suggested at the start of the synchro season.
